A single-centre cohort analysis on prevalence of non-acute ischemic cardiomyopathy in a southern Pakistani patient population with unexplained left ventricular dysfunction with and without heart failure

Authors:

Salman M. Ghazni; Saba Aijaz; Rehan Malik; Asad Z. Pathan.

Date Issued:

October 15, 2018

Certificate Verification Key:

214F-CF8F-FF09-3984-39FB

This certificate may be verified at www.aje.com/certificate. This document certifies that the manuscript listed above was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at American Journal Experts. Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject our suggestions and changes. To verify the final AJE edited version, please visit our verification page. If you have any questions or concerns about this edited document, please contact American Journal Experts at support@aje.com.
